Ample Reprinting Of "Interposta" Stamps

The West German Post Office De-

The West German Post Office Department has stated that the two special stamps issued to mark the recent Interposta Exhibition in Hamburg were sold out in short order, and that reprints will be made available.

The numbers of the two items to be printed, the notice advises, will depend on the demand as indicated by advance orders. Every attempt will be made to keep the reprints from being different in appearance from the first printing, but "unavoidable divergencies occurring in the second issue, which are due to technical conditions, will have to be put up with," the announcement added.

Nearly half of the famed Cardinal Spellman stamp collection noused at Regis College, Weston, Mass. was stolen Sunday night June 28, according to information supplied by Joseph E. Landry, Jr. Auburndale, Mass. stamp dealer who was called in to aid in evaluating the loss.

The theft, first discovered the next morning by Sister M. Fidelma, curator, who had left the collection room at 8:30 the evening before, will run into "five figures". Some estimates have set it as high as \$50,000. Stamp dealers across the nation have been alerted to be on the watch for the stolen treasures.

Minor Changes Helpful; POD Lists Hermitage Coil Totals, Reports '57 Stamps Sold Out

Recent reports from the Post Office Department in Washington, while individually brief, combine to picture a series of interesting developments. They include design alterations in the Dental Health stamp, details on the pictorial first day cancellation for the Soil Conservation item, and first day totals of the May 1 Hermitage 4½c coil issued in Denver, Colo. There is also an Agency report on stamps recently removed from sale, plus announcement of a 67% increase in the initial printing of the July 4 49-Star Flag stamp.

The design of the 4c Dental Health commemorative stamp, made public March 27, has been revised, according to Postmaster General Arthur E. Summerfield. The stamp will be first placed on sale September 14 at New York, N. Y. as originally scheduled.

For purposes of artistic expression the head of the young girl at the right of the design has been redrawn, giving her a feather-cut hair style rather than a dutch-cut. The face has also been tilted upwards and given a livelier expression, rather on the pixyish side.

The silhouette figures of a boy and girl at play to the left of the design have been enlarged, and the commemorative inscription "American Dental Association 1859 - 1959" has been removed from beneath Recent reports from the Post Office Department in Washington, while

can Dental Association 1859 - 1959" has been removed from beneath their feet in the central portion of the design and placed in dark letter-ing across the top. The wording "Dental Health" in the upper left has been slightly dropped.

Collectors desiring first day covers bearing this stamp may send addressed envelopes, together with proper remittances, to the postmaster, New York 1, N. Y. A close fitting enclosure of postal card thickness should be placed in each envelope and the flap either turned in or sealed. The outside envelope to the postmaster should be endorsed "First Day Covers Dental Health Stamp".

Major Ethiopia Red Cross Error Found

A major error has been discovered on one of the values of Ethiopia's recently issued Red Cross Centenary set. Apparently it is a constant va-riety, occurring on stamp 44 in a sheet of 100 of the lowest value in the set.

This new set was issued in May in Addis Ababa without advance notice, and only now reported here by Ethiopia Associates, importers of that country's stamps. The issue was created by overprinting the 1955 bi-color Red Cross set with appropriate value and new wording.

The low value, originally 15c, is normally overprinted "plus 2c". How ever, on the error, the "2" was originally a "5" and the "5" has been further overprinted with a much larger "2" than is used elsewhere on the sheet.

Hal Badger of Ethiopia Associates Hal Badger of Ethiopia Associates discovered the error in examining a sheet of 100 of the 15c plus 2c value. He had previously broken up another sheet of 100 in filling orders for the three-value set, so one of his customers now owns the valuable error without expecting it.

The Red Cross error is the first error of any kind to appear on Ethiopian stamps for more than seventeen years.

Cuban Issues Are Clean

Referring to our editorial in the June 1 edition we are able to state

Referring to our editorial in the June 1 edition we are able to state that we have word from high ranking philatelists in Cuba that the Cuban postal officials are keeping their stamps clean and that there has been not deal with any outsiders to market them. We are advised that a meeting was called by postal officials to which prominent philatelists of Cuba were invited. The opinion of local collectors and dealers concerning the marketing of Cuban stamps was asked. Officials stated there will be no changes in the present method of marketing.

This means that as in the past, they will

This means that as in the past, they will be available to everyone at post offices at face value, no more and no less. Since 1917 all issues are still valid for postal use, none have been demonetized.

My informant takes exception to editorial remarks with references to the quality of Cuban stamps of the past. At the same time he sends me specimens of some of the more recent issues which I am obliged to admit are a remarkable improvement over many of the earlier issues and which will admit are a remarkable improvement over many of the earlier issues and which will rate well alongside the stamps of any other country. It is evident therefore that I had overlooked the more recent issues of Cuba when my statement was made.

I am advised that these were all produced in Cuba by Cia, P, Fernandez. The workmanship is certainly of a much higher quality than had been previously used.

Boys Town PhilaMatic Center Says Away With Gum

Letters commenting on the question of "Gum or No Gum" on stamps are just about 100% in favor of eliminating the gum. This is a very remarkable fact which we believe should be given consideration by the catalog publishers. We realize fully that they hold the key to the whole situation. So long as they price stamps with gum and refuse to price stamps without it, there will be those who will demand the stuff. At the same time it is a fact that gum is a very destructive agent and brings about the ruin of many fine stamps. Stamp clubs as well as individuals have commended our crusade against gum and approve of our proposals to eliminate it in pricing stamps. to eliminate it in pricing stamps.

Perhaps the most prominent group to come forth and approve of our suggestion is the PhilaMatic Center of Boys Town, Nebraska. I am glad to quote from a letter from Mr. D. O. Barrett, Curator Emeritus of this group. Here is the letter . . .

"Mr. George W. Linn

"Dear Mr. Linn:

"Herewith please find a copy of the June 12 issue of the Boys Town Times. We have taken the liberty of reprinting your editorial on the 'Gumming of Stamps' from your March 9 issue. You have our best wishes for the success of this campaign: I have been removing gum since strating collections about twenty wears and All displaying our own. starting a collection about twenty years ago. All displays of our own here at the PhilaMatic Center are degummed and have been from the opening date. Of course, we cannot do this on exhibits owned by others

Along with the letter came a copy of the Boys Town Times of June 12 from which we clip the following

"To Gum, Or Not To Gum: That Is The Question

"One of the lively topics now being discussed among philatelists and

"One of the lively topics now being discussed among philatelists and dealers is whether the practice of regumming stamps is ethical or advisable and, by the same token, whether it would be advisable to remove the gum from all mint stamps going into collections.

"Here, at the Boys Town PhilaMatic Center, the practice of removing gum from all stamps owned by them has been rigidly followed from the beginning, with results entirely satisfactory. It is difficult to understand why anyone should wish to differentiate between 'gum' and 'no gum' when it costs so much, and besides, decreases the life of the stamps, particularly, of blocks. it costs so m

"The practice of removing gum from stamps does not apply to outside collections which are submitted for exhibit at the Center. These are always returned to the owner in their original condition.

always returned to the owner in their original condition.

"In a recent sale in Europe, a fine double sheet of Confederate stamps was sold for more than \$1,500. As the PMC has a similar sheet, which has been de-gummed, interest was aroused as to a comparison of values. The auction house gave the above price and added that 'removal of the gum would unfortunately have lowered the value from \$300.00 to \$450.00.' What a price to pay for such a small amount of gum!

"In the March 9 issue of 'Linn's Weekly' there is an editorial by Mr. Linn on this subject. It covers the situation so thoroughly that it is being reproduced in this column. The PhilaMatic Center wishes to voice its approval of this article, and recommends that stamps 'without' gum be classed in the same category as those 'with'."

be classed in the same category as those 'with'."

Following the above is a reprint of our editorial of March 9. We invite expressions of opinion by all stamp clubs or groups. Only by such ways can we hope to bring about the elimination of gum as a part of the price you pay for your stamps. price you pay for your stamps.

Collectors of United Nations stamps and of general information concerning them are referred to the paragraph "Reprints of Regular Is-sues" in the UN report in Linn's of

The figures given on the 50c regular are correct, but the denomination (\$1) was dropped from the final sentence of that paragraph. Correctly, it should have read: "A fourth printing of the \$1 value originally issued October 24, 1951, took place in June 1959, also in a constitute of \$00.00." quantity of 600,000."

The Post Office Department must be commended for having the courage to make revisions in the Dental Health commen design. The changes are an improvement. It has only been another couple of times in the past twelve years that the POD has made changes after

the POD has made changes after the design announcement was sent to the public.

I hope this indicates an attitude of flexibility in Washington. Our postal officials have come a long way since the beginning of the Eisenhower administration and PMG Summerfield's tenure, but at times one gets the impression of a "take it or leave it" reaction. I know they are in a tough spot with all the demands and pressures made.

But there is a remark which has been attributed to the Postmaster General about holding an office with responsibility in the capital, which takes care of the pressure excuse, to the effect, "If you can't stand the heat, stay out of the kitchen!"

Speaking of heat, which is the most recent commem with flames in its design?
 Which is the most recent commem picturing a cold place in its design?

design?

I'd like to put in my nickel's worth on the matter of obscenity which is being distributed through the mails, the movies and by other oral, written and visual means. The Post Office Department has cracked down on the scum who distribute immoral fifth through the mails. It is impossible for the postal inspectors to come anywhere near catching all of it.

Therefore, the burden of reporting the receipt, the finding or the seeing of it in the hands of others, is on the religiously decent people of the United States. It is they who will have to fight through individuals effort, their service clubs and

their service clubs and

churches.

There can absolutely be no quar-There can absolutely be no quarter in this fight — no mercy, none of the other considerations the average man deserves as his right. Those who purvey obscenity don't care for anything except the dollars they can get — the welfare of the country and of its citizens is meaningless to them. The communists also use this means to weaken our people morally.

people morally.

How about giving 100% cooperation and help to individuals and groups which are trying to clean things up for us? Heaven knows it's a thankless task for those who are carrying the burden of battle—above all don't put obstacles in their paths. It's bad enough to contend with the Supreme Court, as it is, on the protection of communists and the sellers of obscenity.

Jed Kuntz of Burlington, Iowa comes up with a reasonable idea. He believes that some of the general public is missing the philatelic commemoration of the Lincoln Sesquicentennial because many people will not accept the commemorative size stamps for their mail. He believes they can be made aware of the extent which Alfred G. Boerger, P.O. Box 12, Toledo 5, Ohio has gone. It concerns the new Seaway commem, and the special ceremonies in Toledo on June 27 on the occasion of its dedication as the Seaway Port of Toledo.

The folks in that northern Ohio lake either are laborate items prepared in conjunction with the day of issue of a new stamp in my time, but never to the extent which Alfred G. Boerger, P.O. Box 12, Toledo 5, Ohio has gone. It concerns the new Seaway commem, and the special ceremonies in Toledo.

The folks in that northern Ohio lake either and the special did it we there were a proposed to in a souvenir sheet, also.

The folks in that northern Ohio lake city really did it up "brown". They were granted a special postmark (hand and automatic cancelling machine die), had their own official cachet which came in three colors, and staged special ceremonies which included visits of postal officials, the presentation of altal officials, the presentation of al-bums having a pane of the new stamp, as well as a banquet.

stamp, as well as a banquet.

Mr. Boerger got the Seaway issue and postmark on about everything concerned with the Toledo celebration — this included three actual glossy photographs, aerial view of the city and its port today; aerial view of same in the late 1800's; map of the eastern and central parts of the USA served by the waterway. Then there were souvenir programs, picture cards and venir programs, picture cards and I bet it took Mr. Boerger hours just thinking of all the items

Thought you might like the comment of a now retired director of a well known art gallery anent the new Postage Due series. He says: "These are a new low in philately. The bottom drops out of the design; the decorations are derived from the decadent interpretation of the Louis XV style in Louis Philippe's time; while the triangular ornaments are a bit of Victorianism.

New Printing Plant, New Issues For UAR

According to Ernest A. Kehr of the UAR's New York Information Bureau, the first of Egypt's new regular pictorial series to be inscribed "UAR" (without "Egypt") will be made available in January 1960. These will be printed on paper with "UAR" in English and Arabic (Mim, Ain, Jeem) in multiple. After this date no more of the "UAR-Egypt" stamps will be sold at postoffices, although such stamps as persons may have may continue to be used on mail.

It is possible that the 1, 3, 10 and 55mil. values of the new set may go on sale earlier than January 1, since the demand for these denominations is great and existing supplies may become depleted.

Because the Survey Department of Egypt which has been producing

plies may become depleted.

Because the Survey Department of Egypt, which has been producing Egyptian stamps since 1925, is so heavily overworked, the Postal Administration will open its own security printing plant in Heliopolis for the future printing of its stamps. The modern, new edifice—which will be dedicated on July 23, with the laying of its cornerstone—will be ready and installed with completely new presses, by early 1960. It will be shown on one of the bicolored stamps to be issued on the anniversary of the Republic July 23.

The same three children, but with a "new look" on the girl at the right, grace the new version of the September 14 stamp to mark the 100th anniversary of the American Dental Assn. to be celebrated in New York. The stamp will be green, in the usual 50-per-pane format, in an edition of 120,000,000. Charles Henry Carter, Canadian-born artist, was the designer.

DENTAL STAMP (Continued from page 1)

There were 202,454 first day covers canceled at Denver, Colo. May 1 when the 4½c Hermitage coil was placed on sale there. In all, 344,452 stamps were sold, with a value of \$15,500.35. There are no comparable figures of the 4½c Presidential coil released January 20, 1939, since nine coils were released the same day. However, there were only 115,820 FDC's of the regular 4½c Presidential stamp canceled July 11, 1938.

Agency list were removed from sale as of the close of business June 26. They were the 3c Lafayette, Whooping Crane and Flushing Remonstrance. The oldest commemoratives now available at the Philatelic Sales Agency, Washington 25, D. C., are the 3c Gardening-Horticulture, Brussels Exhibition and James Monroe. Copies of the latest list may be secured by sending a stamped, addressed envelope to the Agency.

However, there were only 115,820 FDC's of the regular 4½c Presidential stamp canceled July 11, 1938.

The three last stamps of 1957 Temaining on the Philatelic Sales available in all post offices of the

country on Monday, July 6, the Department will print an additional 80,000,000 of these stamps.

"This new quantity of these beau-tiful new stamps, combined with the initial print order of 120 million stamps already distributed to the post offices of the country, should meet the demands of the American public," Mr. Summerfield said.

He added that initial requisitions for these stamps from postmasters, which in some cases were reduced by the Department because the demand exceeded the original supply, will be completed as rapidly as posmilled to the postmasters will be completed as rapidly as posmilled to the postmasters.

Section 139.321-"Letters may be enclosed in a third or fourth class parcel. Postage at the first class rate must be paid for each letter."

Section 139.324—"Postage for the enclosure must be placed on the outside of the parcel. It may be added to the postage for the parcel and the total amount paid together, or the postage for the enclosure may be affixed separately from the postage for the parcel."

Section 139.5—"Combination mail-

STOP BUYING DUPLICATES THE WILSON PLAN

Want to cut down on accumulating duplicates? Want to build up those weak countries economically? Then the WILSON PLAN is the answer: Here is the idea in a nutshell: For example you have say 200 different Norway stamps in your collection. You decide you wish to increase it to 300. You deduct the difference in price from our list. Your 200 different are worth \$2.25; the 300 different \$6.50. You remit the \$4.25 difference. We send the 300. You remove the 100 you do not nave, returning the remaining 200 to us. It is that simple! Or you might decide to increase to 400 or 500. It can work on any size packet on any country from our list as long as the difference is \$3.00 or more per country. Send for the WILSON PLAN APPLICATION and latest packet price list offering almost 2000 different collections.

Carl P. Rueth PART V

I think we're safely and surely on our way to Switzerland now! In last week's instalment, you will remember, Mrs. Rueth and I were just about to board the "Holland-Italy Express" in Rome, for our first experience with continental railroads, when I paused just long enough to "stick out" my often-scarred neck on the subject of Italian womanhood. Only time will tell whether I come through that one unscathed! Besides recounting our Swiss experiences I'd like also to dabble a bit in the fancy eating and the hotels since this seems to be something of interest to our local friends who never fail to have questions about them.

The "Holland-Italy Express" is one of several special passenger trains we rode — in the United States it would have its equivalent in say, the "20th Century Limited", which operates between New York and Chicago and vice versa. It had electric locomotive which obtained its power from overhead wires along the track. Most European trains are electrified or Dieselized.

One can buy first, second or third-class passage, the quality of the accomodations decreasing in that order. In the first, one has a closed compartment with upholstered, comfortable seats, three on e a chief at right angles to the full-width window, and with facilities for regulating the intake of fresh air, coolness and, in winter, heat.

Such compartments are along ones in the subject of Italian womanhood. Only time will the subject of Italian womanhood. Only time will be abit in the fancy each of the labout about them.

Through our lowered window each of which contained a generous vise piec of roast chicken, a good serving of hot ravioli, cheese, salad, roll, condiments, banana and peach, roll, condiments, banana and peach of which contained a generous vise private in the roll of the

window, and with lacings and, in winter, heat.

Such compartments are along one side the length of the coach, and are entered through a sliding glass-paneled door from an aisle the full length of the car. The latter provides a fine place to stand and watch the scenery go by and otherwise stretch one's legs and muscles. You can get first-class with smoking privileges, or be in a coach where smoking is forbidden. Seats can be reserved.

Second and third class passage is less comfortable, with the former being all right if you want to save a few francs, marks or lire. But don't buy third.

I prefer our U. S. way of traveling on trains, but not the U. S. system of operation. When your European time table states a train will arrive at 1:23 p.m. it is in the station at that time — departure is just as closely regulated. This should not imply that once in a great while a train won't be early or late, but it will not be as often off-schedule as over here.

Eating in the dining car is an entered the side of the carry or late, but it will not be as often off-schedule as over here.

over here.
Eating in the dining car is an "experience" in most European countries. Some time after you are aboard and a couple of hours before meal time, a steward goes through the cars asking passengers whether they plan to use the diner. If you do, then you are given a slip which says your "shift" is the 12:15 p.m., or the 12:50 p.m., or the 1:30 p.m. (for luncheon), as an example.

(for luncheon), as an example.

You arrive at your stated time, are seated, and then the production line begins. Your only choice is in a drink — from bottled water .hrough to the wines — the food is the same for all. Waiters start at one and of the car with the appetizer. end of the car with the appetizer or soup, go back and clear off the dishes, bring the entree, vegetables and salad, clear off the dishes, and finally bring on the dessert. Brother, you've now had it. Clear out so the next batch of hungry travelers can get in!

the next batch of hungry travelers can get in!

Meal prices are much more reasonable than in the U. S. The food is good and plentiful. Over here it is somewhat better, in skimpy portions and always too high-priced.

We took the train in the first place to get to see more of the countries, which we did. North out of Rome we passed through Florence, Bologna and Milan, all with a lot of building going on and seemingly quite busy industrially. We departed Italy at Como where we had a fine view of the famed lake, nestled in the mountains, with the resort ci-

I suppose some of you have heard of "buying a basket" for your meal. This isn't always a basket; it can be a junior-size shopping bag, or cardboard box. The food, however, is about the same in each. As your train pulls into the station, especially near mealtimes, besides the usual purveyors of everything which can be hauled on a cart, there are those which sell "baskets".

Ever since the garden of Eden, people have been curious about the unknown. When we bought out the stock of a retired western Stamp Dealer—we decided to sell it all with as little effort as possible. Without much troube we purchased beautiful hinged plastic boxes (Treasure Chests to you) and began the lazy job of tossing into them a bit of this and that. We could tease you with a bit of name throwing of some of the countries, or tell you about hot items, sets, covers etc. we threw in. But we know that if you're a general collector—and human—you've got a yen to get a real mystery lot for a change. So we'll tell you no more but that you'll get much more than your money's worth. Oh, the price is just five bucks a box — while they last.

lake, lowered one's attention to the panorama immediately before him.

The clean picturesque mountain villages through which our train sped; the gorgeously green mountain meadows with their colorful twinkling of mountain flowers; the farms with prosperity gleaming from every building of their distinctive cantonal architecture; cattle fattening on the lush grass a farmer far up the slanting side of his-mountain garden tidying his plot with hoe and muscle, and you wondering all tain garden tidying his plot with hoe and muscle, and you wondering all the while how he manages to keep from rolling to the bottom; you can only see and love these things and tuck them away in your heart and memory for reliving; words just won't do the job at all.

Official entry into Switzerland came at Chiasso, right on the border, several kilometers up the track from Italy's Como. Here again cus-

from Italy's Como. Here again customs inspection was most casual—show your passport, and "are you carrying anything dutiable?", and that's it.

Proceeding north now to Lucerne we passed through the famous Gothard turnel (there had been others

Our room, at the front, had a private balcony overlooking the Vierwaldstaettersee (Lake of the Four Forest Cantons) where we could loaf, and did have breakfast feasting on the food, the mountains and the view of the city. And right here in Switzerland is where I began to shine with my almost forgotten German! Pooey on interpreters now. Rueth had it made!

I suppose I'm telling you nothing you didn't know when I say Lucerne is a happy jewel of a city, of which the country seems to have so many. It offers many unusual experiences for the visitor in places to go, things to see and stores to shop You'd. to see, and stores to shop. You'd have to really be going at a fast clip to cover them all in three weeks.

We had our first fling at Swiss chocolate — for that matter we're still flinging for we sent a load of it home — and the delectable pastries. We were pretty brave about enjoying them often since we discovered that in spite of the excellent eating we were doing we lost weight! That we were doing we lost weight! That came from the miles of walking (pardon me, kilometers) which har-dened the muscles, and in my case took off over two inches from the

waist.
We especially liked the chocolate bars, "bottles" and individual pieces which were filled with cognac, rum, kirsch and other alcoholic beverag-

Nahl's "Why Collect" Slides At CPS July 16

A stamp story, "Why Collect Airmail Covers", illustrated by slides of selected pages from the Perham C. Nahl collection will be shown by Dr. Nahl at the July 16 meeting of the Chicago Philatelic Society at the Sherman Hotel, Chicago, Ill.

The presentation depicts many types of airmail covers which can be collected, along with suggestions and advice of a recognized expert on how to proceed, and how not to operate, in the field.

The Swiss capture you with the loveliness of their land, and hold you with their courtesy, hospitality, warmth and the sparkling brightness and cleanliness of the country.

Guess who expects to return for a much longer visit some day? It was in Bern that we had the pleasure of meeting Dr. Albert Morant, Deputy Secretary General of the Postal Administration. We had corresponded on various matters, especially those concerned with the "Swiss Special Edition" of Linn's (October 20, 1958). Dr. Morant was the official responsible for the preparation of the articles and illustrations. And you can remember easily what a fine production that edition was.

aration of the articles and illustrations. And you can remember easily what a fine production that edition was.

It can be truly said that the Swiss Postal Officials had the "red carpet" laid out for us. We were brought to "headquarters" in one of the PTT's limousines and given the "grand tour". There we met Hans Gaudard, Head of the Postage Stamp and Printing Department at the General Management of the PTT (Posts, Telegraphs and Telephones). His friendly and very warm welcome made us feel "at home" immediately. Mrs. Rueth was presented with a bouquet, in this case a philatelic one in the form of a souvenir album in which were all the Swiss semipostals of the 1943-1949 Pro Juventute series picturing mountain flowers.

One of the two beautiful albums I was given contained mint blocks of the Technical and Scenic regulars of August 1, 1949, the Historical Motifs regulars of January 15, 1941, and the Symbolic Motifs regular high values of September 17, 1938. These were all designed and engraved by Switzerland's eminent artist, Karl Bickel of Wallenstadtberg.

The second album contained the Pro Juventute semipostals from 1950 to 1957 inclusive the designs of which were devoted to the picturing of various insects in their natural colors. Each value came in a mint and used block, the latter bearing the special postmark applied on the day of issue.

Mr. Gaudard autographed a copy to me of his most recent book, "The Creation of the Propaganda Postage Stamp, GRAPHIC 57". This is an excellent mongraph in a most readable style which tells the creation of that stamp through all its stages. Jules Hagnauer, Inspector of the Direction General of PTT, then took Mrs. Rueth and I in hand for a tour of the Engraving and Printing Plant. Mr. Hagnauer was no stranger since we had enjoyed his company on several occasions during the FIPEX in New York in 1956.

The plant is not sufficiently large to produce all Switzerland's stamp requirements — only the engraved issues are made here — Courvoisier of La Chaux de Fonds manufactures the o

of La Chaux de Fonds manufactures the others.

We were shown everything involved in the production of an engraved stamp from the actual engraving of a die to the printing, and packaging of the finished product in sheets. The Swiss have a most intriguing "sheet counting" machine. A hopper is loaded with sheets, the button pressed, and before you can say "scat" 100 have been counted off and a marker inserted.

All the stamps printed by Courvoisier are brought to this plant in Bern even though many of them are for the foreign governments with which it has direct contracts. While they have been inspected by the Courvoisier and PTT representatives in La Chaux de Fonds, they are brought to the Printing Bureau in Bern for further inspection account. The Postal Administration was our host for a day-long tour into the Bernese Oberland. Mr. Hagnauer did the honors for the PTT — he not only did the guiding and describing but made sure as well that we had no lacking of nourishment. Kate Kipfer, one of the PTT sccretaries, joined us as a companion for Mrs. Rueth. Southeast out of Bern we-traveled on one side of a ridge of mountains to Thun on Thun Lake; then along its south shore to Interlaken; from there to the road's end at Grindelwald. At Grindelwald three of the country's famous peaks are easily seen, the Wetterhorn on the left, the Jungfrau in the center distance, and on the right The Eiger. Still hanging by his rope on The Eiger is a mountain climber of an Italian group of four which met disaster nearly two years ago. It has not been possible to bring his body down due to the inaccessible place where he is.

It is a saying in Switzerland that mountain-climbing is a sport to the Germans, Italians, Austrians and others who come there to conquer the mountains. To the Swiss their skill is developed to rescue such adventurers "who should have known better in the first place!"

Our return to Bern from this gorgeous tour was on the north side of Thun Lake and after Thun, on the other side of the ridge along which

Several collectors in Mexico have written us about the FD situation south of the border. International Adventure hopes for the sake of stamp collecting that it improves. We should like to see Mexico have FDC's as do most of the stamp issuing countries of the globe.

There is no "official" FDC service in Mexico according to letters we receive. We hope the PO in Mexico begins to announce FD's so that collectors may take part in

Many collectors in the U.S. would obtain this material. Therefore, to collectors in Mexico we suggest that perhaps if they prod the POD down there, some form of official notice may be made to aid the philatelic world and in the process to up the U.S. dollar input in the POD's fill. Readers have asked us at various times to tell a bit about the adventures found in auctions. We must report first that stamp auctions are a definite part of stamp merchandising. They are similar to a store which sells stamps. However, in an auction the collector has a chance to obtain material at price which

BRITISH COMMONWEALTH REVIEW

Francis J. McCall 2725 29th St., N.W., Washington 8, D. C.

Cayman Islands and Turks & Caicos Islands — New postage stamps commemorating the grant-ing of a new constitution to the above territories were released July 4, and will remain on sale for nine months or until stocks are exhaust-ed, whichever is the earlier. Details

ed, whichever is the earlier. Details are as follows:
Cayman Island, two values, 2½d and 1/-, include a portrait of Her Majesty and the St. Edward's Crown, and features the new coat of arms of the Cayman Islands. Colors of the 2½d are blue and black, and of the 1/-, orange and black. Turks and Caicos Islands, two values, 6d and 8d, also show Her Mai-

ues, 6d and 8d, also show Her Majesty and the St. Edward's Crown, They feature a map of the Islands, with a symbolic sun rising over them. The 6d is olive black and orange, and the 8d violet and orange. Both, issues have been printed on Script CA watermarked paper. (Crown Agents). As most collectors of British West

As most collectors of British West Indies know, these island groups are dependencies of Jamaica. This political set-up will continue, with the governor of Jamaica still being the governor of the Dependencies. There will be universal adult suffrage and voluntary registration of voters.

Elections to the new legislative Assembly will take place every three years and the constitution provides also for an executive council of the administrator (new title

cil of the administrator (new title for commissioner) and five mem-bers. Provisions are made wherebers. Provisions are made where-by the representatives of the Dependencies will always be consulted before a Jamaican law is applied to the territories.

Turks and Calcos Islands were at one time under the jurisdiction of the Bahama Islands. In 1948 a seven-stamp set was released by the Dependency to commemorate the centenary of political separation from the Bahamas. This set, incidentally, is a good one, which will show substantial catalog advances soon

"The first Cayman Island post of-fice opened April 13, 1889 at Georgetown, Grand Cayman. The first stamps used were Jamaican and can be distinguished only by the postmarks. Their use was discon-tinued February 19, 1901 and they were declared invalid for postage after that date.

"Collectors are urged to be cau-tious in purchasing the Jamaica 'Llandovery Falls' stamp in RED and BLACK with a Cayman post-mark. Such cancellation is fraudumark. Such cancellation is fraudu-lent, for the stamp was not issued until September 25, 1901, seven months after the discontinuance of

Australia — A special aerogram significant of the Twelfth International Congress of Scientific management will be issued at all post offices August 5 and will remain on fices August 5, and will remain on

sale for approximately six weeks. Temporary post offices will be opened at the two Congress centers

opened at the two Congress centers and commemorative hand post-markers will be provided in each instance. Details will be announced later. This is the basic 10d aerogram issued April 8. (Australian News and Information Bureau).

Norfolk Island — The Department of Territories announced recently that a new definitive series of postage stamps will be provided for Norfolk Island. If practicable, the first three denominations will be issued in September or as soon as possible thereafter. Other values will follow at intervals.

possible thereafter. Other values will follow at intervals.

The stamp designs will publicize various features of the Island, including flora and fauna. Stamps of the present series will be withdrawn progressively as the new stamps are issued issued.

issued.

Apparently the post office folks on Norfolk Island are having their troubles. It will be recalled that our column of March 9 carried the news that nine denominations of the island's stamps were withdrawn March 2, because they were not required for postal usage. Among the nine listed were the 3d and 2/values. values.

Now comes a release from the Australian News and Information Bureau that Norfolk Island has released an interim stamp issue pending completion of designs for the new definitive series. Two stamps of 3d and 2'- denominations, in the 1947 Ball Bay design, were reissued in green and deep blue colors respectively and were placed on sale July 6.

As these two stamps are an emer gency measure, and will not be in service for very long, collectors are urged not to miss them. This is a surprise reissue and many collectors will be caught flatfooted. Don't be one of them. Used copies should be better than mint in this instance. News of this reissue was noted in our column of June 15, but now that Norfolk has announced plans for September release of part of the

words To The Wise — The new definitive set for the State of Kedah definitive set for the State of Kedah in the Federation of Malaya was issued July 1. This set of eleven stamps features a portrait of the new Sultan Abdul Halim Muazzam Shah. It replaces the issue featuring the late father of the new Sultan withdraw withdraw June 30

tan, which was withdrawn June 30.

The now obsolete set with the portrati of Sultan Sir Badlishah was introduced in 1957, and thus saw service for less than two years. Added to this is the fact that Kedah stamps are not as plentiful as those from Selangor, for example. Do not wait for the Crown Agents sales figures

WILLIAM ROSE

411 E. 51 Street Breeklyn 3, N. Y.

Free for the asking is the new Free for the asking is the new price list, 12th edition, of Australia stamps outlining the offers of E. J. Chamberlin, Box 906, Galveston, Texas. Its four pages offer almost every issue from No. 1 to date, in both mint and used in average condition with percentage figures for very fine. Included also are airmails, plus a special buying offer on that nation's postage dues.

Counter Service, 2042 Eagle View, Colorado Springs, Colo. has long specialized in Latin America and especially the issues of Brazil. Right now the firm is compiling a large auction of this one country, only, with the catalog available about the time this issue of Linn's appears. Brazil general and specialist collectors would do well to request copies of the extensive listing.

According to I. Bick, 47 W. 175th St., Bronx 53, N. Y. collectors just never throw away their copies of Linn's—at least, he says, a misplaced decimal in his big ad of April 27 is still bringing orders for a \$130 offer of Israel stamps at just a hundredth of that correct price tag. "Disappointed" hopefuls will please note the correct price tag. "Disappointed" hopefuls will please note the correct price on Nos. 7-9 was \$130.

From England comes an interesting offer of various mint British Colonials in exchange face for face for U. S. commemoratives and new issue regulars. The merchant is Harry Gaffen, 10 Russell Grove, Bristol 6, England. He has a two-page listing of various offers and propositions, and suggests that interested collectors write for copies. He also has assorted British for sale.

With the tremendous interest now With the tremendous interest now manifest in jets and rocketry, there has developed a parallel rise in the collecting of early experimental and pioneer covers carried by such means as long as a score or more years ago. India was a pioneer in this field, and William H. Peters, Box 105, Interlachen, Fla. has a June 15 listing of practically all of them. Rocket fans should query him.

Last week Linn's welcomed the return of a dealer of its earlier days, Start Stamps, 535 Teaneck Rd., Teaneck, N. J. The firm specializes in British Colonies, and is offering some interesting used items priced as to condition and scarcity. Bahrain, Kuwait and Orange River Colony are well represented, while the firm solicits want lists over the entire field, for used stamps only.

Martin Levin, 730 W. 183rd St., New York 33, N. Y. asks that any-one who by chance did not receive one who by chance did not receive an answer to mail sent in response to his ad in the June 29 issue please try again. There his address was listed incorrectly by some 20 squares; correctly, it is as stated above. He offered good deals in Yemen, Europa, Ghana errors and shades and specials.

Topicalists and "just collectors" who like a little variety in their albums will find an interesting offer in the classified ads of the Marshall Stamp Co. Box 451-LB Long Beach, Calif. For "leastest and mostest" fans the firm has an attractive color photo of the nation's smallest post office, Wheeler Springs, Calif. which has been featured in Ripley's "Believe It Or Not",

"The Stamp Collector's Guide and Catalogue", published by Harry Burgess & Co. of Pembury, near Tunbridge Wells, Kent, England, is now in its third edition. It offers a lot of sound advice to the beginner, then lists many attractive offers in overseas prepared packets and assortments for both the tyro and advanced collector. Priced at only 15c, it has lots of reading.

ALBERT MEZEY

IT IS WITH PARDONABLE PRIDE that Brazil proclaims to all her recent victory in world basketball competition of the 1958-59 season. The single 3.30 Cruzeiro adhesive in orange brown with blue banner proclaims the accomplishment, while the pictorial May 30 first day cancellation repeats the general theme. The dark blue cachet completes the impact on the philatelic public. This interesting first day cover was sent by Prof. Manoel F. da Motta, Largo do Machado 11, Catata, Bio de Japairo, Brazil

The Helderberg Stamp Service, Box 177. Slingerlands, N. Y. has completed plans for holding a spe-cial summer mail bid auction clearctal summer mail bid auction clear-ance sale of some Israel specialty material. Included are covers-flight covers- unusual items from the Gaza strip, and an extensive showing of maximum cards. In-terested collectors in the field should check the firm's ad in this edition.

One of the oldest stamp firms in this country—it was founded in 1898—is celebrating its 71st birthday anniversary by offering a free 6-page price list of packets and mounted collections ranging from a few cents to over \$2.000. Collectors may write the Universal Stamps co., Inc., 905 Tampa St., Tampa 2, Fla. for their copies. Florida visitors are invited to drop in.

A bit of thinking would have told A bit of thinking would have told anyone that there was something amiss in the recent classified copy of Yiu-Chung Yip, Box 2965, Hong Kong, China which seemingly offered a thousand different Malay Stamps for \$1. Briefly stated, a typographical error had included one too many genes—the figure one too many zeroes—the figure should have offered 100 for \$1, which is a very fair figure for the stamps concerned.

All three sets were in values of 10c plus 5c. 15c plus 5c, 20c, and 70c. In each instance the lowest and highest of each set were of one design with the two middle

Mr. Landry agreed with Sister Fidelma that the loss would be more than \$10,000. He said it was impossible to place a figure on the loss, since so much of the collection was truly unique, and therefore would be worth what a collector would pay for it.

The loss includes in part these items:

More than 100 pages of a "Re-ligion on Stamps" collection. These are illuminated pages, with art work similar to that done by monks in medieval days, and the art work is considered more valuable that the stamps displayed on the pages

More than 90 presentation albums of U. S. stamps. Each album includes a full sheet of stamps, and each bears a signature of such persons as President Eisenhower, former President Truman, Postmaster Summerfield and former Postmas-ter James Farley.

A nearly complete collection of all issues of the stamps printed in the United States.

Four large albums of 19th century United States classic stamps.
Two weighty volumes of "Black Jack" stamps and envelopes bearing them ing then.

As there was insufficient time to notify any collectors of this new jet service Pan American prepared about 1000 covers for resale to philatelists. These covers are postmarked Boston, June 1, 4 p.m. and are backstamped Paris, June 2, 9 a.m.

Each cover bears the official cachet in black and all covers are addressed to Pan American World Airways in New York. A 15c air-

mail stamp is affixed to each cover.

These covers will be sold on a first come first served basis at a cost of 25c plus return postage. Anyone desiring one of them should send twenty-five cents and a stampsend twenty-necessis and a stamp-ed addressed envelope to Philatelic Department Pan American World Airways, New York International Airport, Jamaica 30, N. inches by 61/2 inches the return envelope should be slightly larger so the first flight cover may be en-

closed without folding.

No philatelic service was offered on the return trip from Paris to Boston and, therefore, no covers are available.

'State Of Franklin" Cover Due In August

The 175th anniversary of the State of Franklin will be noted August 23 by a special cachet sponsored by the United Boys' Brigades of America, with headquarters in

New York City.

The State of Franklin dates back to Colonial times. It came into being when a large portion of what was then North Carolina revolted from that state, held a convention and declared itself an entity. John Sevier was elected governor of the "state" which named itself after Benjamin Frank-

Four years later North Carolina "recaptured" the "state", and it finally became a part of Tennessee. The event is duly noted on the new cachet which is offered at 15c per cover seven for \$1. Orders per cover, seven for \$1. Orders should reach Col. J. A. Becker, 128-42 150th St., South Ozone Park 36, N. Y. by July 31 to permit proper servicing arrangements.

The printed cachet shows right and left decorative columns, a small line drawing of a colonial reading a document, and a brief history of the event of almost two centuries ago ..

Originally, this set was to have consisted of four stamps, reproducing structures with a Sport background. The set actually placed on sale on June 23 consists of five values — with a "Tourism" background. ues — ground.

The only connection with the Olympics is the five-ring symbol

A week after the body of Pope Pius X was shipped home to his be-loved Venice, Don Giovanni Bosco's earthly remains made a trip from Turin to Rome.
